Meaning of terms used

- (1) The independent registered medical practitioner signing the certificate must have been approved for this purpose by the Pension Fund administering authority.
- (2) ‘Permanently incapable’ means that the person will, more likely than not, be incapable of discharging efficiently the duties of their former employment with the employer because of ill health or infirmity of mind or body until, at the earliest, their 65th birthday (age 70 in the case of former coroners).
- (3) Certification of limited life expectancy of less than 1 year may only be provided by a fully registered person within the meaning of the Medical Act 1983. The full text of the Act can be found at the General Medical Council website.

General

If B2 has been ticked, the deferred member does not, in the medical opinion of the approved registered medical practitioner, meet the criteria for early release of the deferred pension benefits under the LGPS.

If B1 has been ticked, the deferred member does, in the medical opinion of the approved registered medical practitioner, meet the criteria for early release of the deferred pension benefits under the LGPS.

The opinion given by the approved registered medical practitioner does not, in itself, give entitlement or otherwise to early release of the deferred pension benefits under the LGPS. Nor should the medical practitioner indicate to the deferred member that such an award will or will not be made. It is for the former employer to make the formal award determination.

If B5 has been ticked the Pension Fund administering authority may pay the member a lump sum equal to 5 times the member's annual pension. If such a payment is made this does not constitute a pension input amount for the purposes of the annual allowance test under the Finance Act 2004 as the person meets the 'severe ill health condition' under section 229 of that Act.

These notes were up-to-date in November 2011 and are provided for information only. They confer no contractual or statutory rights and in the event of any dispute the appropriate legislation will prevail.

This is a medical certificate provided in respect of a deferred member by an independent, approved, duly qualified registered medical practitioner in accordance with regulation 97 of the Local Government Pension Scheme Regulations 1997 (as amended) and for the purposes of section 229(4) of the Finance Act 2004.
