

Looking for an opportunity to shape the delivery of pensions services for the East Sussex Pension Fund?

Following the review of public sector pension funds, East Sussex County Council (ESCC) as the 'Administering Authority' is looking for individuals with experience and enthusiasm to be part of the East Sussex Pension Fund's (ESPF) new pension board and ensure the members' benefits are secure, paid on time and to the right people whilst acting in line with the legal framework surrounding pensions.

We are seeking nominations from scheme members who can bring experience and enthusiasm to this new and exciting development.

You will work closely with the officers responsible for the pension arrangements of the East Sussex Pension Fund to ensure the compliance with pensions' legislation and requirements imposed by the Pensions Regulator. More importantly you will ensure the effective governance and administration of the Fund to ensure that members of the Pension Scheme receive the best attention and the service to be expected of an up to date and modern pension service.

Want to know more? Details of the roles and responsibilities are available on the ESCC site and the ESPF website at www.eastsussex.gov.uk or www.eastsussexpensionfund.org

Register your interest by dropping us an email at esccpensionsmanager@eastsussex.gov.uk and we will be in touch.

Please note that this registration closes on Friday 6 March 2015.
