Meaning of terms used

- (1) The independent registered medical practitioner signing the certificate must have been approved for this purpose by the Pension Fund administering authority.
- (2) 'Permanently incapable' means that the person will, more likely than not, be incapable of discharging efficiently the duties of their employment with the employer because of ill health or infirmity of mind or body until, at the earliest, their 'normal retirement age' – see (5).
- (3) The independent registered medical practitioner is providing an opinion on the person's capability of undertaking gainful employment based solely on the effect the medical condition has on the person's ability to undertake gainful employment.
- (4) 'Gainful employment' means paid employment for not less than 30 hours in each week for a period of not less than 12 months. It does not have to be employment that is commensurate in terms of pay and conditions with that of the person's current employment.
- (5) 'Normal retirement age' means age 65 [apart from in the case of a small number of protected members who have a normal retirement age of 60 e.g. employees who were transferred to local government from the Learning and Skills Council for England on 1 April 2010].
- (6) 'Insignificant extent' means, for example, that the person could undertake voluntary work or unpaid work where out of pocket expenses are reimbursed or small amounts of travelling or subsistence payments are made. Any paid work should be insignificant, for example it should be infrequent or only for a few days during the year and the payment must be small in amount, not just as a proportion of the pay or salary they are earning in their current job.
- (7) State pension age is currently age 65 for men. State pension age for women is currently being increased to be equalised with that for men. The Government has announced that it will speed up the pace of State pension age equalisation for women, so that women's State pension age will reach 65 by November 2018. The State pension age will then increase to 66 for both men and women from December 2018 to April 2020. Under current legislation the State pension age is due to rise to 67 between April 2034 and April 2036 and to 68 between April 2044 and April 2036. For a full breakdown of State pension ages please see the state pension age calculator at the Pensions Advisory Service website.

General

- If B2 or B3 have been ticked, this means that the employee does not, in the medical opinion of the approved registered medical practitioner, meet the criteria for an ill health pension under the LGPS.
- If B1 and B4 have been ticked, this means that the employee, in the medical opinion of the approved registered medical practitioner, meets the criteria for a tier 3 ill health pension under the LGPS.
- If B1 and B5 have been ticked, this means that the employee, in the medical opinion of the approved registered medical practitioner, meets the criteria for a tier 2 ill health pension under the LGPS.
- If B1 and B6 have been ticked, this means that the employee, in the medical opinion of the approved registered medical practitioner, meets the criteria for a tier 1 ill health pension under the LGPS.
- The opinion given by the approved registered medical practitioner does not, in itself, give entitlement or otherwise to an ill health award. Nor should the medical practitioner indicate to the employee that such an award will or will not be made. It is for the employer to make the formal ill health award determination.

- If B7 has been ticked (i.e. the reason that the contractual hours have been reduced is wholly or partly as a result of the condition that has caused the employee to be permanently incapable of discharging efficiently the duties of his / her employment) the Pension Fund administering authority will ignore the reduction in hours when calculating the pension benefits due to the scheme member.
- If B9 has been ticked this means that there is no pension input amount for the purposes of the annual allowance test under the Finance Act 2004 as the person meets the 'severe ill health condition' under section 229 of that Act.

These notes were up-to-date in November 2011 and are provided for information only. They confer no contractual or statutory rights and in the event of any dispute the appropriate legislation will prevail.
